Our signature dining elevated with Kernell's

I am Manjula Wickrama, the Director Culinary Service of Kingsbury Hotel, one of the most famous five-star hotels in Colombo, Sri Lanka.

The Kingsbury, Colombo earned it reputation as one of the most popular restaurants for both business and family dining. Hence, we always look for the best ingredients to create and present exceptional culinary experience to our gusts.

I was very fortunate to discover Kernell's corn rice and me and my fellow chefs have now mastered the art of Kernell's corn rice cuisine and make such dishes available in most of our restaurants.

We are further encouraged and delighted with the constant appreciation feedback from our restaurant patronages about the dishes that we have created with Kernell's corn rice and its all-purpose corn flour.

Kernell's products unique flavors and textures truly elevate the dining experience and align perfectly with the high standards we aim to deliver at Kingsbury Hotel.

Having such rich first-hand feedback, I have no hesitation to recommend Kernell's to any chef who is looking for unique options to elevate the quality of his menus.
